

Part-Time RN or RPN

RN or RPN for Dr. DuVall and Dr. Witty. This office was presented with the Quality Improvement award from the Barrie and Community Family Health Team in 2011.

20-25 hours/wk with the potential for more hours over time.

This new employee would become a member of a dedicated and collaborative team where the RN/RPN role is highly valued. In addition to regular nursing tasks they would be a vital contributor to our ongoing Quality Improvement initiatives.

Primary care experience preferred.
